

devolo Home Control

Room Thermostat

Your ideal temperature is always at your fingertips.

The **devolo Room Thermostat** provides your own individualised temperature: not at the radiator, but where you actually spend time – on the sofa, at the kitchen table or in the living room.

devolo Home Control

Room Thermostat

Product features:

- Determine the exact room temperature at any time.
- Easy and central unit control of the room temperature (when combined with the devolo Home Control Radiator Thermostats).
- Comfortable temperatures exactly where you spend time, not just at the radiator.
- Manual temperature control directly on the thermostat at the touch of a button.
- Illuminated display to show temperature.
- Ready to use in no time: can be installed easily, without special tools or expertise.
- Individually expandable at any time with other devolo Home Control components.
- Future-proofed thanks to standardised Z-Wave® wireless technology.
- 3-year manufacturer's warranty.

Application example:

if

the Room Thermostat responds
to your desired room
temperature

then

the Radiator Thermostat
controls the room
temperature.
